Richard Collins, Chair of
Sheffield Renewables Board

Volunteering for Sheffield Renewables

Abigail Hathway, Volunteer

Why Invest?

Paul Grassick, Investor

3.35pm **Guest speakers**

Sustainable Hockerton

Simon Tilley, Director of
Sustainable Hockerton Ltd

Simon led on the development of a community owned wind turbine in the village of Hockerton in Nottinghamshire, funded by a community share offer. The turbine started generating power in 2010 and in its first year had generated as much power as the village consumed.

Microgenius: the UK's first community shares platform

Emily Mackay, Founder of
Microgenius

Microgenius is a new national not-for-profit website that links people with an interest in sustainable energy with communities that are developing micro-generation projects. It simplifies the process of finding and purchasing community shares in renewable energy projects.

4.00pm **The Community Share Offer**

Mark Wells, Director and
